RABIA ASIF

FULL STACK AI ENGINEER | COMPUTER SCIENCE

Lahore, Pakistan | 03290386076 | rabiaasif0712@gmail.com

PROFESSIONAL SUMMARY

Motivated Computer Science graduate (ADP in Computer Science, Batch 2024–2026) with a strong foundation in full-stack web development. Skilled in building responsive user interfaces using HTML, CSS, Tailwind CSS, and React, and developing back-end logic with Node.js and Express.js, backed by solid database knowledge in SQL, MySQL, and PostgreSQL. Proficient in C/C++ fundamentals and database CRUD operations, applied through academic projects. Brings two years of combined school teaching and private tutoring experience, demonstrating effective communication, organization, teamwork, and problem-solving skills. Seeking an entry-level Full Stack Developer or internship role to contribute to impactful projects and continue growing as a software professional.

TECHNICAL SKILLS

- **Front-End:** HTML, CSS, Tailwind CSS, React
- **Back-End:** Node.js, Express.js
- **Programming Languages:** C, C++
- **Databases:** SQL, MySQL, PostgreSQL
- **Tools & Development:** Git, GitHub, VS Code, Full Stack Development, Problem Solving

PROFESSIONAL EXPERIENCE

Teacher — Rakan Grammar School | 1 Year

- Supported classroom instruction and daily teaching activities, contributing to a structured learning environment.
- Strengthened communication, classroom management, and interpersonal skills through regular student and staff interaction.
- Maintained accurate academic records and managed assigned responsibilities efficiently.

Home Tutor | 6 Months

- Delivered personalized one-on-one tutoring to improve students' understanding of lesson topics.
- Tailored explanations to individual learning needs and encouraged consistent study habits.

Teacher — Mitcon Grammar School | 6 Months

- Assisted students' learning and supported day-to-day classroom activities.
- Enhanced lesson delivery, student support, and classroom organization skills.

PROJECTS

CRUD Operations Project

- Implemented Create, Read, Update, and Delete functionality for managing database records as an academic project.
- Demonstrated working knowledge of database operations and a basic full-stack application workflow (interface, back-end logic, and database).

Smart Rain Shield System

- Designed an academic project concept for rain detection with an automated protective response system.
- Applied sensor-based, data-driven logic to trigger automated responses.

EDUCATION

- ADP Computer Science — Riphah International College, Shad Bagh Campus | Completed, Batch 2024–2026
- ICS in Physics — Govt. Girls Graduate College for Women, Lahore | Marks: 908
- Matric in Science — Wersa Model High School, Lahore | Marks: 889

ADDITIONAL ACTIVITIES

Youth of Pakistan • The Soul Reset

CORE COMPETENCIES

Communication, Teamwork & Collaboration, Time Management, Problem Solving, Ability to Work Under Pressure, Responsible Work Approach
